

[illegible]

This is a black and white line drawing of a space-themed hourly planner. The title "STUNDENPLAN" is written in a stylized, outlined font at the top center. Below the title is a table with six columns. The first column is labeled "ZEIT" and the others are labeled with the days of the week: "MONTAG", "DIENSTAG", "MITTWOCH", "DONNERSTAG", and "FREITAG". Each column has 12 empty rows for scheduling. The planner is decorated with various space-themed elements: a large planet with a ring is in the top left; a small robot with large eyes and antennae stands on a circular base in the bottom left; a satellite with solar panels is in the bottom right; and several stars of different sizes are scattered throughout the background. The entire drawing is enclosed in a simple rectangular border.
